TEST PROTOCOL No. 0182 dated 10.03.2026

1. Name and description of the sample: **Phallus impudicus**
2. Date of manufacture: not specified in the selection certificate
3. Sample registration number: 0291
4. Manufacturer (address): Individual entrepreneur Stefaniv M.Y, Medovoi Pechery St., b.11, apt.16, Lviv
5. Customer (address): Individual entrepreneur Stefaniv M.Y., 20 Dolyna St., Loni village, Lviv region.
6. Selection certificate dated 03.03.2026, Direction: No. 022 dated 03.03.2026.
7. Samples were selected by the representative(s): OOV Berezivska L.S.
8. Date of receipt of the sample for testing: 03.03.2026.
9. Test date(s): 03.03-10.03.2026.
10. Sample condition: meets the requirements of the ND
11. For compliance with the requirements of ND: TU U 10.3-3429501701-001:2025

12. TEST RESULTS

Name of indicators for ND and units of measurement	According to ND	Test result	Relative test error, %, or uncertainty**	ND designation for test methods	Compliance with the ND
1	2	3	4	5	6
Microbiological indicators					
Number of mesophilic aerobic and facultative anaerobic microorganisms in 1g. CFU no more	5,0*10 ⁴	4,0*10 ⁴	was not determined	DSTU 8446:2015	responds
Pathogenic microorganisms including salmonella in 50 g	not allowed	not detected	was not determined	DSTU EN 12824:2004	responds
Moldy fungi, CFU in 1 g. no more	1,0*10 ²	less than 10	was not determined	DSTU 8447:2015	responds
Coagulase-positive staphylococcus (s. aureus) 0.1 g	not allowed	not detected	was not determined	GOST 10444.2-94	responds
Sulfite-reducing clostridia in 0.1 g	not allowed	not detected	was not determined	DSTU ISO 15213:2014	responds
Bacteria of the E. coli group (coliforms) in 0.1 g	not allowed	not detected	was not determined	GOST 30518	responds

The test results apply only to the samples that were tested.

This test protocol may not be reproduced, duplicated in whole or in part without written permission from the testing laboratory
